

*"There is more treasure in books than in all the pirate's loot on Treasure Island."* (Walt Disney)

**Hebrew Day Institute helps you explore the world through books this summer!!**

Students are expected to participate in the school's Summer Reading program, and have some fun exploring through books. Here are the details:

1. Each grade has 1 required book that all students should read. We will be working on projects related to the required reading book in the fall in our classes.
2. Students also are expected to read additional books (the number of books depends on the grade your student is entering).
3. At least one book read should have Judaic content. At least one book should be non-fiction.
4. Students will complete a Reading Log for all the books read this summer. Students will also complete a project on 1 of their books and, in 2<sup>nd</sup> – 6<sup>th</sup> grade, a book report on a 2<sup>nd</sup> book. Details about projects, book report forms, reading logs and suggested book lists are linked from the bottom of this page. Just click on the class your student is entering in the fall.
5. Projects, book reports and reading logs will be due back at school the first week of school.
6. Students may choose their reading books from the grade-level lists included in each class packet (click on class links below). Students may also choose books that are not on this list but are age-appropriate. All books should be age-appropriate and parent-approved. Consider books about places you may be visiting this summer, as well as books that match your child's interests and hobbies.
7. ✂**NEW THIS SUMMER**✂ Choose some activities from the "**Literary and Reading Explorations**" pages on your class reading page links and bring your completed work to school in the fall to share with your class.

**To start finding the treasure in books, click on the class link below for the class your child is entering in the fall.**
